# *Foreword*

As we say farewell to these hallowed halls that have meant so much to us in the past four years, let us pause to remember our happiest hours, the valued friends, and the best loved scenes of our school life. We hope that in looking over the pages of this volume we may be reminded more vividly of our pleasant memories. May its contents seem to us both worth while and attractive; and if by chance we close its covers with reluctance, then we shall not feel that our efforts have been in vain.

## *Dedication*

We show appreciation to a man that has given his talents, service, and self to enriching Ramseur High School. Through his positions as teacher, guidance counselor, annual sponsor, and basketball coach, he has taught us that the road to broader understanding and better knowledge is narrow and rough. He taught us to set high goals and to strive to attain those that seem impossible.

It is with gratitude that we, the class of '63, dedicate this RAMSONIAN to Mr. David Gallemore.

# Class History

We can look back on it all now, and breathe a sigh of relief, for our goal is well in sight, the same goal we have struggled for since that first day in August of 1951.

Our first few years of school were the stepping stones to a fuller and rounder education. With the guidance of our teachers, our progress continued. We came upon many obstructions; nevertheless, the pace quickened.

Then suddenly high school was no longer a dream, but a reality. We were proud to wear the title of freshmen. We, of course, were scared at the newness of it all. The teachers were sterner, the books were bigger, and the responsibilities were heavier. Most of all, we were determined. We held our heads high, as a gesture of our pride. We conquered our fears, and they were no longer a problem. In our determination, we worked toward the challenges our high school teachers placed before us.

After a brief summer vacation, we entered school again as sophomores. This year was an enjoyable year, full of fun, consisting of hayrides, class parties, and many other memorable events.

After what seemed an extremely long school term, the long-awaited summer vacation arrived. As long as we had waited for this summer vacation, it passed much too quickly.

Buzzing with excitement and telling our classmates of our wonderful summer, and many experiences it brought, a new school term began, and we were juniors. This was a very busy year in which we found ourselves selling magazines as a class project to raise money for the annual Junior-Senior Banquet. Much time and effort was spent in preparation, and finally the big night arrived. Our theme "Evening in Paris" was carried out to the fullest extent. The night was beautiful, the food delicious, and the music was excellent. Our guests were pleased, and we juniors were happy that they had enjoyed their evening in "Gay Paree." After patting ourselves on the back for a job well done, we turned our attention to another annual event, the Spring Frolic. Everyone had a wonderful time, and we shall all cherish the unforgettable memories of that night. Soon afterward, the ring salesman arrived. We looked longingly at the many samples he had to offer; then after careful consideration we made our decision. Everyone got sapphire blue, except the few who chose Carolina blue as their color.

With the school year coming to a close, we put our pleasures aside to get down to some serious studying as final exams were well in sight.

When we entered school again, we were the seniors of 1963. We were proud and sad; proud that we were finally seniors; sad that we would soon have to leave Ramseur High School.

As we leave, we wish to express our thanks to our parents, teachers, and friends for making our high school years so enjoyable. No matter what position we will hold in life, we will owe our success to you; and there is nothing we can say but . . . Thank You.

Don Hicks  
Class Historian

# Class Prophecy

As the guardian angel gazes into the crystal ball, she sees that the people in the class of '63 have done quite well for themselves. They have spread out into many different professions.

Eddie "Swivel-hips" Kinney, who was voted "Most Athletic" in the class, is living up to his title as quarterback of the Ramseur Redskins. The team hasn't lost a game yet, thanks to the successful coaching of Alvin Harvell, another high school football star.

Connie Kinton, who was quite talented as a magician, has a trick that baffles everybody. He can make a perfect one dollar bill out of an ordinary piece of newspaper. Everyone wants to know how he does it, including the United States government.

Bryan "Laugh-a-minute" Spivey, who was the wit of the class, has made quite a name for himself as a comedian and now has his own TV show.

Brenda and Sylvia Woodell, who were always talking of Hollywood, finally made it. They own a factory specializing in custom-made wigs for stars. The name of the company is "Woodell's Wonderful Wigs, Inc."

Jimmy Slaughter and Judy Allen are now teaching at the University of North Carolina. Jimmy teaches advanced psychology while Judy teaches advanced physics.

Larry Fesmire and Buddy Burgess, the mechanics of the class, now own the "Car and Cycle Clinic" at Coleridge. Larry operates on the cars while Buddy doctors up the motorcycles.

Benny Lednum and Sheila Brown, who were voted "Most Likely to Succeed," are doing quite well for themselves. Benny has become a brain surgeon and Sheila, a nurse.

Wayland "Fireball" Brown just set a new land speed record at the Bonneville Salt Flats in a slightly modified Dodge Lancer.

Jenn Macon and Sara Gordon, formerly Jenn Chriscoe and Sara Coble, have made a fortune on their best seller, THE GOOD AND BAD POINTS OF A TEENAGE MARRIAGE.

Betty Bray and Kelly Watkins have used their experience as editors of the Ram and the Ramsonian and are now editors of two rival newspapers. Betty is editor of the "Ramseur Record," and Kelly is editor of the "Ramseur Daily News."

Fill Pugh is now head accountant for the Ford Motor Company. He always did like those Fords. Paul Thomas is now owner of the company.

Sybil Craven is now with the Franklinville Police Department, and Faye Voss is the county truant officer.

Willie Cox is now a big cattleman, or perhaps we should say a "chickenman." He is owner of the largest chicken ranch in Texas.

LaVerne Macon is now a world famous fashion designer of women's apparel. Sandra Hubbard is the top model.

Jackie Embree and Jody McAlister teach math on television to students all over the country.

Suzanne Allred and Evelyn Poindexter are touring the country giving lectures on home-making, a field in which they always did well.

Gary Brady operates dance studios all over the country, and Don Hicks is his No. 1 instructor.

Darnell Hemphill is a dramatic actress presently being coached by Linda York, who is employed by Paramount Studios.

Gordon Brady owns General Motors Inc., and Linda Edwards works for him by giving sales talks in some of the leading cities of the nation.

Rebecca Cox is now Chief Secretary of all the Howard Johnson Restaurants. She was given the job by the Executive Vice-President, Tommy Davis.

Martha Cox is now signing recruits for the U. S. Coast Guard in her private office in New Jersey. Her first recruit was Frank Leonard, who has achieved the rank of Rear Admiral.

Linda Hutchins has eight children and is trying for a football team. The team will be called Wayne's Wolfpack.

The guardian angel has seen that each person has worked hard to make this world a better place in which to live. She is very pleased with the success of these people, the graduating class of 1963.

I, Evelyn Poindexter, do leave my title "Best Dressed" to Mary Kivett; my cheerleading ability to Betty Isley, hoping that her efforts are more rewarding than mine; and my road map to "The Blue Mist" to Annette Allred, knowing she will keep the road as "hot" as I did.

I, Fill Pugh, do leave my position as business manager of the Ramsonian to Diane Lindley. I leave my title "Most Dependable" to Wayne Burgess in hopes that he will live up to it.

I, Jimmy Slaughter, do leave my position on the football team to Larry Wright; my superlative "Most Intellectual" to John Dorsett; and my excellent study habits in physics to any fool who wants them.

I, Bryan Spivey, leave with plenty of memories; if there is anything else, I'll leave it to my brother Gregg.

I, Paul Thomas, do gladly will my algebra book back to Mrs. Rich, and my high school perfect attendance record to Doug Branson. The rest I leave, but I take my quietness with me.

## *Class Song*

Ramseur High School, you're a friend of mine,  
I'm leaving you behind today,  
Oh! Classmates - you dear teachers,  
Wherever you send me, I'll go on your way,  
Ramseur High School, we're off to win the world,  
There's such a lot of work to do.  
We're leaving you our dreams we profess  
We're accepting nothing less,  
Yes, we will do our best,  
Ramseur High School and me.

Ramseur High School, you have set the course!  
Your light will guide us on always  
Oh! Trail - breaker, our future maker,  
All that you've shown us,  
We'll use everyday.  
Ramseur High School - Setting high our sights  
We will fight for all that's true and right.  
We've leaving the scene - School days end  
Future 'round the bend,  
My classmates and friends  
Ramseur High School and me.

## *Class Poem*

Lo! these many years ago  
Just twelve to be exact  
We started out to learn and grow  
And many memories we have intact.

The time has come for us to part,  
So thanks to all involved  
For dreams that you have helped to start  
And problems you have solved.

Onward, onward, we shall strive  
To reach those goals so high;  
Thanks to you who've given the drive  
Thanks to you, ol' Ramseur High.

# *Annual Staff*

As we close the final pages of our yearbook, the Senior Class wishes to take this opportunity to thank all who made this 1963 RAMSONIAN possible.

To the students and faculty, we express our appreciation for their co-operation and unselfish use of time.

To the merchants of Randolph County, we extend our thanks, for without their support the annual would not have been possible.
